# Bottlelight – Table Lamp

- **model with warm white or white light**
- **battery powered - with standard AA alkaline or rechargeable cells**
- **fits in all standard wine and champagne bottles easy installable**
- **100-120 hours illumination time per battery set**
- **100 000 hours lifetime**
- Classic design and high quality materials and electronics
- **waterproof** at the bottom and **rain proof** from the top
- for restaurants, bars, garden tables, partys, camping
- no fire danger
- continuous operation with battery replacement module and power supply

## Product description

The Bottlelight product is made for an illumination with empty wine or champagne bottles. It gives a comfortable all surrounding light from the inside of the bottle. Power is supplied by three standard or rechargeable NiMH AA cells which can be easily replaced at open lid. The built-in electronics keeps the brightness constant and long lasting.

The Bottlelight can be switched on/off by turning the lid clockwise/anti-clockwise.

The bottlelight is water resistant at the bottom part and rain resistant from the top.

Even if the device is water resistant, it must not be put into beverages. The manufacturer does not take any liability in such cases.

The device must be kept away from children under the age of 3, because of the batteries.

## Available battery driven Bottlelight models are the following

| Type/Model | Description | EAN/UPS Code |
|---|---|---|
| **BOT03-k** | **Bottlelight, white LED light, 15 lm** | **0700621847410** |

| **BOT03-wT** | **triple pack: Bottlelight, warm-white LED light, 13 lm** | **0610098499923** |
| BOT04 | Bottlelight, warm white LED light, 15/40 lm adjustable brightness | 4893263135055 |
| BOT05-viviLED® | Bottlelight, white and color LED, adjustable brightness and color | 0610098499930 |
| BOT-06 | Battery replacement module (for use with USB power adapter) | 4893263135062 |
| Remark: | All products come without batteries. | |

## Packaging

The Bottlelight is packed in a rectangular carton box with printed feature descriptions, images and EAN-Code.

Single package (1): Descriptions in DE, EN, F, ES, NL, IT.
LWD 290 x 75 x 27 mm (11.4x3x1 inch)
Weight 105g (without batteries)

Triple package (3): Diameter 54mm; Length 300 mm
weight 271g (without batteries).

(1)    (3)

## Languages

Gebrauchsanleitung in Sprachen: DE, EN, NL, F, I, ES, PT, RU.

## Manufacturer

Bottlelight Company, Dr. P. Kitzenmaier;   Potsdam/Germany.
Country of Origin:    Germany
