

Bottlelight - extra bright

- fits in all standard wine, Champagne or other bottles
 - illuminates from the inside with a long light beam for uniform light distribution
 - extra bright - about three times brighter than bottlelight model BOT03
 - about 30 hours illumination time per battery set with 3 AA cells à 1,5V
 - high efficient warm white LED with **150 lm/W**
 - and **100.000 hours lifetime**
 - high quality design, materials and electronics
 - on/off switching by slightly turning the lid
 - waterproof at the bottom up to the lid and rain proof from the top
 - ideal for parties, garden parties, restaurant tables, bars, camping, and in fire sensitive areas.
-
- continuous operation with battery replacement module BOT06 and power supply

Description

The product Bottlelight is intended for an illumination of empty standard wine and champagne bottles giving a comfortable all surrounding light from the inside of the bottle.

The Bottlelight is driven either by three standard batteries of type AA 1,5 V or by the battery replacement module BOT06 with a mains power supply.

The Bottlelight can be switched on/off by slightly turning the lid.

With open lid the batteries or the battery replacement module can be inserted and enclosed.

The product is waterproof at the bottom up to the beginning of the lid and is rainproof from the top.

ATTENTION: The device must not be put into beverages. The manufacturer does not take any liability in such cases.

ATTENTION: The device must be kept away from children under the age of 3, because of batteries and brightness.

Available models and packaging sizes

Model	Description	EAN-Code
BOT-02w	Bottlelight with warm-white LED (without batteries) optional in connection with:	
BOT06-0	Battery replacement module (without power supply)	
BOT06-1	Wall power supply for the battery replacement module (input: 100-240VAC; output: +5VDC; 1A)	

Packaging

1) Carton Tube Single Pack (Standard)

The Carton Tube is stable, appropriate for shipping and holds the EAN code. Size: Diam. 34mm (1.34 inch); Length 300 mm (11.81 inch); Weight 115g (0.25 lbs)

2) Instructions Leaflet

The instructions leaflet comprises the following languages: DE, ENG, ES, F, I, NL, RU. Size: A5 folded 50 x 145 mm (1.97 x 5.7 inch)

3) Rectangle Carton / Stand-up Display

The Rectangle Carton provides Stand-Up Display functionality and works as Eye-Catcher. With size of a wine bottle and instructions on the backside it allows customers getting a quick overview of the functionality of the product. Languages: DE, ENG, F, I, NL. Size: H 320mm; W 95mm (12.6 x 3.74 inch)

Producer: Dr. Kitzemaier Electronics, Potsdam, Germany

Country of origin: Germany.

Technical Data

Length total	260-270 mm ± 5mm (10.23-10.63 inch)	LED efficiency	about 150 lm/W
Length of Light beam	100 mm ± 5mm (3.9 inch)	Luminous flux	about 46 lm
Length within a bottle	230 mm ± 5mm (9.1 inch)	Light color warm white (w)	3000K
Diameter lower part	17 mm ± 0,2mm (0.67 inch)	Lifetime	100 000 hours
Diameter Lid	20 mm ± 0,2mm (0.79 inch)	Supply voltage	3 - 5 V DC
Materials	Aluminum, acrylic glass, NBR	Current consumption	90-110 mA
Weight wt/w batteries	57 ± 3g (0.125 lbs) / 126 ± 3g (0.278 lbs)	Power Supply	3x AA cells à 1,5V or BOT06 battery replacement module
On/Off Switching	by slightly turning the lid	Guaranty	2 years
Operating temperature	-20 ...+65°C (-4 ... 149°F)		
Conformity	CE, RoHS,		
International Customs ID	8513 1000
