

NORDIC DESIGN table lamp

- battery operated with three standard AA alkaline or rechargeable batteries
- models with warm white or cold white light
- 100-120 hours of operation per battery set , lifetime at least 100 000 hours
- Flameless and no spilling wax
- **Model BOT09-3w/k-SL: warm white / cold white, light intensity of 15 lm**
- **Modell BOT09-4w/k-SL: extra bright with two adjustable light intensities of 15–40 lm.**
- Classic design, high-quality materials and production.

Product Description

Our NORDIC-DESIGN table lamp models BOT09-3-SL emit depending on the model either warm or cold white light with a light intensity of about 15 Lumen. The lamp is battery driven and can be operated with standard AA Alkaline or rechargeable batteries. The illumination time per battery set is 100-120 hours. With periods of 6 hours per day, the lamp give light for 17-20 days, without having to replace the batteries. On/Off-switching of the lamp is done by turning the bottom rod against the stand.

Our NORDIC-DESIGN table lamp models BOT09-4-SL emit depending on the model either warm or cold white light with a light intensity of 15 – 40 Lumen which is dimmable in two steps. On/Off-switching of the lamp is done by turning the bottom rod against the stand, and if the rod is turned a bit more in on-state a second intensity level is reached. As above, the lamp is operated with standard AA Alkaline or rechargeable batteries. The illumination time per battery set is 100-120 hours @ 15 Lumen, and 40-45 hours @ 40 Lumen.

Models:

<u>Typ/Model</u>	<u>Description</u>	<u>EAN/UPS Code</u>
BOT09-3w-SL	LED Table lamp, warm white light (3000 K), 15 lm	0762743431120
BOT09-3k-SL	LED Table lamp, cold white light (5000 K), 15 lm	
BOT09-4w-SL	LED Table lamp, warm white light, extra bright, dimmable 15 - 40 lm	0762743431137
BOT09-4k-SL	LED Table lamp, cold white light, extra bright, dimmable 15 - 40 lm	

Alternative Table lamps for lamp shades:

BOT09-3w	LED table lamp for lampshades, warm white light (3000 K) 15 lm, inclusive 3 Di Potter lampshades.	4893263135086
BOT09-4w	LED table lamp for lampshades, warm white light (3000 K), extra bright dimmable 15 - 40 lm, inclusive 3 Di Potter lampshades.	4893263135079

All models are delivered without batteries, batteries can be ordered separately.

Packaging

All products are packed in a plastic foil with the user manual inserted; a respective EAN-Code is attached on the packaging. Delivered without batteries: L: 290 x Ø 75 mm; weight without batteries 100 g

Languages

The User Manual is written in the following languages: DE, EN, NL, F, I, ES, PT, JP, RU.

Manufacturer

Bottlelight Company Dr. Kitzenmaier; Country of Origin: Germany.

Technical Data

Overall height	260 - 270 mm	Power supply	3 AA-cells à 1,5V / 1,2V
Length of light beam	100 mm (± 3mm)	Operating voltage	3 - 6 V DC
Diameter of stand	Ø 70 mm (± 1mm)	Continuous power supply on demand	
Diameter of rod and acrylic	Ø 17 mm	LED Efficiency	170lm/W
Materials	Aluminium alloy, Acrylic glass	Lifetime	100.000 hours
Operating temperature	-20 ...+65°C (battery dependent)	LED and electronics	not replaceable
Weight without/with batteries	95 g ± 3g / 165 g ± 5g	Standard conformity to	CE, RoHS, REACH
Guaranty	2 years	International customs ID	8513 1000 (US: 8513.1040)

Models BOT09-3w/k-LS

BOT09-3w-LS	Light:	warm white (3000K), 14 lm
BOT09-3k-LS	Light:	white (5000K), 15 lm
	Light intensity at 30 mA	15 lm
	On/Off Switching	by turning the aluminium rod

Modelle BOT09-4w/k-LS

BOT09-4w-LS	Light:	warm white (3000K), 14 - 40 lm
BOT09-4k-LS	Light:	white (5000K), 15 – 40 lm
	Light intensity at 30/80 mA	15 / 40 lm (dimmable)
	On/Off Switching /Dimming	by turning the aluminium rod
