

Bottlelight Company - bottle series

Our artful glass bottles are high-quality handcrafted glass bottles, which are mostly made by sandblasting. In combination with our bottle-light lamps they give beautiful light patterns on a table surface. With our lamps giving warm white light a nice and cosy atmosphere is generated. With our lamps giving cold white light, the bottles look very fresh and elegant.

All glass bottles are individually packed with a product label and they carry an EAN code.

Bottlelight Company - bottle series

Bottle Stripes

Model No.: FL-202

Ø 66 mm; H 287 mm

600 g

EAN: 07980033696
