

The Bottlelight lamp of a special kind ...

- **LED white light and 25 other light colors adjustable** by simply tilting and rotating the lamp stick
- **static or automatic color change mode** selectable
- **fits in all standard wine bottles, Champagne** and other bottles with an inner bottleneck diameter of 17-20 mm
- **battery powered** by three standard AA cells (alkaline 1,5 V or rechargeable NiMH batteries 1,2 V)
- **Light intensity adjustable 10 – 50 lm** by tilting the lamp to 45° and rotating it around its axis
- **On/Off by turning the lid or turning the lamp upside down** shortly
- **Slowly dimming out after 10 Minutes** in horizontal position
- **35-120 hours illumination** per battery set, intensity dependent
- **Lifetime 100 000 Stunden**
- **waterproof** lower part and **rain proof** from above
- no fire danger
- ideal for homes, restaurant, bar, garden table, party, camping
- made in Germany

Product Description

The Bottlelight lamp is designed to illuminate with nice bottles such as wine or other bottles having an inner bottleneck diameter of 17-20 mm. A white or colored light can be set on the lamp, which is emitted horizontally and does not dazzle. Power is supplied by three standard AA alkaline (1,5 V) or rechargeable NiMH batteries (1,2 V). The batteries can be easily filled or replaced through an opening with an open lid. For a continuous operation a battery replacement module BOT06 with cable and USB plug is available.

The lamp is based on a new sensor technology, wherein a tilting angle and rotations around the lamp axis are measured for a control. By the respective tilting angle and rotation, a white or 25 other light colors and a certain brightness, or an automatic light color. With a tilting angle of 45° and turning of the lamp a brightness is selectable. In a horizontal position and by turning the lamp the light color is selectable. The perpendicular position is the normal operating position with the selected color and brightness. An automatic color change mode is also selectable. Tilting the lamp by 180° turns the lamp OFF and by 45° turns the light back on again. In the horizontal position and after 10 Minutes the lamp turns OFF slowly – a nice feature for going to bed for children.

The Bottlelight is water resistant at the bottom and rain resistant from the top. However, the device must not be put into beverages. The device must be kept away from children under the age of 3, because of the batteries. The manufacturer does not accept any liability in such cases. The lamps are delivered without batteries.

Overview about the available Bottlelight models:

Type/Model	Description	EAN/UPS Code
BOT02-w	LED Bottlelight lamp, extra bright, warm white, 40 lm	0762743431151
BOT03-w	LED Bottlelight lamp, warm-white light, 15 lm	0610098499909
BOT03-k	LED Bottlelight lamp, cold white light, 15 lm	0700621847410
BOT03-wT	LED Bottlelight lamp triple pack warm-white light, 15 lm	0610098499923
BOT03-kT	LED Bottlelight lamp triple pack cold white light, 15 lm	0610098499916
BOT04-w	LED Bottlelight lamp, extra bright, warm white light, 15/40 lm dimmable	4893263135055
BOT04-wb	LED Bottlelight lamp, brass version, extra bright, warm white light, 15/40 lm dimmable	0762743431175
BOT04-k	LED Bottlelight lamp, extra bright, cold white light, 15/40 lm dimmable	0762743431045
BOT05	LED Bottlelight lamp, white and color light and brightness adjustable, 15-50 lm	0610098499930
BOT05-wb	LED Bottlelight lamp in brass, warm white and color light and brightness adjustable, 15-50 lm	0762743431182
BOT06	Battery replacement module for use with USB power supply	4893263135062
BOT07	LED Bottlelight lamp, rechargeable, touch sensor, very bright 10-230 lm	0762743431052

Packaging

- The lamp is packed in a rectangular carton box with a printed feature descriptions, images and EAN-Code. Descriptions in languages: DE, EN, FR, ES, NL, IT. The User Manual is printed in DE, EN, FR, NL, IT, ES, JP. Packaging size: 290 x 75 x 27 mm (11.4 x 3 x 1 inch). Weight without/with batteries: 100 g / 170 g.
- Natural Bamboo special packaging as option. Size: Ø 29 x 280 mm (Ø 1.14 x 11 inch). Weight without/with lamp: 52 g / 113 g.

Manufacturer

Bottlelight Company Dr. Kitzenmaier, Address see below, Country of Origin: Germany

Technical Data BOT05

Length total	256-266 mm ±5mm (10.2-10.6 inch)	White light LED	white light, 5000 K, 170 lm/W
Length of light beam	100 mm ±5mm (3.9 inch)	White LED	17 cd (51lm) @100mA (100%)
Length within a bottle	230 mm ±5mm (9.1 inch)	Red LED	3,6 cd @95mA (100%)
Diameter lower part	17 mm ±0,2mm (0.67 inch)	Green LED	5,8 cd @55mA (100%)
Diameter Lid	20 mm ±0,2mm (0.79 inch)	Blue LED	1 cd @45mA (100%)
Materials	Aluminum, acrylic glass, EPDM	Illumination adjustments	25%; 50%; 75%; 100%
Weight wt/w batteries	57 ±3g (0.125 lbs) / 126 ±3g (0.278 lbs)	Supply voltage	2,9 – 5.5 V DC
On/off	by screwing/unscrewing the lid	Current consumption	25 mA (25%) – 100 mA (100%)
Operating temperature	-20 ... +65°C (-4 ... 149°F)	standby current	0,5 mA (electronic Off-state)
Ingress protection	IP54	Power Supply	3x standard AA cells à 1.5V/1.2V, or battery replacement module BOT06
Conformity	CE, RoHS, REACH, WEEE-DE 17359610	Lifetime	100 000 hours
Guarantee	2 years		
Customs ID	8513 1000 (US: 8513.1040)		

Model BOT05-wb: as model BOT05, but made of brass and with warm-white light, Weight wt/w batteries 112 g / 182 g
